

IR-55 Learning Remote

Learning Remote Feature

Learning methods please see as below:

1. Press Power button in "Learning Zone" for 5 seconds, release after light on, it enters into IR Learning mode.
2. Put TV remote straight head to head to this remote, and no more that 3cm above.
3. Press power key on learn zone, light blinks, then press power key on TV remote for 2 sec., light blinks fast for 3 times and light keeping on, it means learning is completed.
4. If need to learn more keys, repeat step 3. After completed, press green power key once to exit the mode.
